## 21. The relationship

<b>Describe in detail when and how you and your partner first made contact.</b>	
<p>She and her friend visited our congregation (place of worship) in Espoo, Finland in November 2012, and that's where we made our first contact and exchanged personal details etc. Then after that we started dating whereby we talked a lot on Skype everyday and on phone using WhatsApp and Viber as it was cheaper to communicate internationally. In January I took my friend to visit my girlfriend and her family in Sweden and also to visit her congregation where she worships. And in March she also visited me in Espoo for a few days and we made plans that we should visit each other more often as it is important for a relationship to mature, and we also bought flight tickets for myself to visit her in Sweden in April so that we can spend time together. We talked a lot about getting married as we are both sure of each other's spirituality but according to the Bible we have to get to know each other more as engagement is considered same as marriage according to the Bible so we decide to live close to each other and also for me to find work in Skellefteå so that we can raise some money for the engagement rings and also for the wedding party etc. That is why I am making this application so that I can move near her in Sweden and I hope the application will be processed faster as it is important for me to move near my girlfriend as I already plan to give up my apartment and my Finnish class and union benefits just to be with her.</p>
